

# JSCE 23rd International Summer Symposium

in conjunction with JSCE 76<sup>th</sup> Annual Meeting

**Date: 8 and 9 September, 2021**

**Organizer: International Student Network Group, JSCE International Activities Center**

**8 Sept.**

**AM: Paper Presentation 1**

**PM: Online Workshop (See below)**

**9 Sept.**

**AM: Paper Presentation 2**

**\*The schedule is subject to change.**

## What is the International Summer Symposium(ISS)?

The main objective is to offer young civil engineers a interactive hands-on learning opportunity, in which they share their research projects, exchange ideas, and network with each other.

The ISS consists of

- 1) paper presentation, and
- 2) a half-day workshop.

Please come and work with your peers worldwide in the ISS.

**The 23rd ISS Workshop**

### **“Utilization of AI in Civil Engineering for Future Society”**

*Artificial Intelligence (AI) has been making great progress and permeating everyday life. But, do we know what AI is? How do we employ AI to optimize construction projects and solve challenges? You will explore the possibility of AI and the utilization of AI in the civil engineering field in this workshop.*

WS Special Lecturer:  
Project Assoc. Prof. Pang-jo Chun  
(The University of Tokyo)

## How to Apply

- ① Go to the JSCE Annual Meeting website :  
<https://committees.jsce.or.jp/zenkoku/gaiyo/top>.
- ② Choose “CS2 International Session,” which is the 23rd International Summer Symposium,” when you submit your paper.
  - Paper Submission : 12:00 p.m. 3 March, 2021 to 5:00 p.m., 1 April
  - Only JSCE Members is eligible to submit a paper to make presentation at the JSCE Annual Meeting. Please register a JSCE membership ( <https://www.jsce.or.jp/member/regist/> ) by 5:00 p.m. on 19 February.
- ③ Then, JSCE International Activities Center will contact you for further procedures, after the session program is open on the Annual Meeting website.
