

2nd JSCE-CICHE Joint Workshop in 2017

~Infrastructure Maintenance and Management~

■ Goals

- 1) To exchange information related to civil engineering infrastructural design and construction, disaster risk reduction measures in structural and non-structural approaches
- 2) To establish joint research framework on the above topics for future collaboration between Japan and Taiwan
- 3) To provide young engineers an opportunity to discuss their research projects and exchange with their peers overseas.
- 4) To promote collaborations between civil engineers and researchers regardless age, gender and culture in Taiwan and Japan.

● **Dates:** May 18 (Thurs)&19 (Fri), 2017

● **Period:** 1 & 1/2 days

Workshop 1 day on May 18, Technical Tour for 1/2 day on May 19

● **Venue:** JSCE HQ, Tokyo ※Auditorium and meeting rooms

● **Co-organizers:** CICHE and JSCE

● **Technical Tour:** Tokyo Metropolitan Outer Ring Road project site, by bus

● **Language:** English

● **Registration Fee:** free

● **Contact:** Prof. Tamon Ueda, JSCE IAC Senior Director

Yukiko Shibuya, JSCE IAC (shibuyayukiko@jsce.or.jp; 03-3355-3452)

2nd JSCE-CICHE Joint Workshop in 2017

~Infrastructure maintenance and Management~

Program

<Day 1: May 18>
